

Hazardous trade waste

We do not accept hazardous materials at the Trade Facility, including:

- Aerosol cans
- Animal By-products (e.g. raw meat)
- Asbestos
- Batteries (including household batteries, car batteries etc.)
- Clinical waste or medicines
- Electrical goods, such as fridge/freezers, TV monitors, microwaves & other small electrical appliances
- Fluorescent tubes
- Gas bottles
- Hazardous chemicals such as solvent based products, cleaning fluids or items contaminated with hazardous chemicals, including used containers.
- Oil, petrol, diesel or paraffin, brake fluid, antifreeze or items contaminated with these liquids including containers.
- Paints and Varnishes
- Pesticides
- Significant amounts of catering food waste
- Tyres
- Waste containing Ozone Depleting Substances (e.g. some Cold Store Panels)

Please note that this list is not exhaustive and that the Trade Facility operators have full discretion on what materials can or cannot be accepted.
